

Directions on how to create a slideshare!

Step One: Go to http://www.slideshare.net/**
(you will need to have created your presentation/powerpoint already)

Step Two: Click on Sign Up.
Enter in your Email Address, Choose a UserName, Enter in a password (twice) and type in the text provided.
Accept the terms and policies and click on OK or Sign Up.

Step Three: Upload your PowerPoint/Presentation
Choose this option:

Read the directions and then browse for your presentation/powerpoint slide show.
It will upload when you click on it.

Step Four: Identifying Your PowerPoint
The more information you provide, the easier it will be for others to share and find your powerpoint. Below is an example I used for a project I was hosting.

Browse and select files... (Use Ctrl key to select multiple files)

Your file "Year End Computer Tasks.ppt" has been uploaded. Tell us something about your file before publishing it.

File uploaded
Edit info and press "Publish"

Click on PUBLISH when you are ready to share your powerpoint!

Step Five: Share your SlideShare**
Click on the SHOW and it will open a new window.
In the center of your screen you should see "SHARE THIS SLIDESHOW"

Please click on that if you wish to email your slide show to anyone. (I usually email to myself as a test.)

Congratulations, you created a slideshare!!!
